## **North Park Library Task Force Meets June 4th To Review Final Library Site Evaluation Report**

### **Chosen Site To Be District Three Flagship Library**

SAN DIEGO--The North Park Library Task Force will meet on Wednesday evening, June 4, to review the final Library Site Evaluation Report which conducted an analysis of potential sites for the new District Three Flagship Library to be located in North Park.

The task force has been working with Architect Jeff Katz to select a site for the new, 25,000 square foot library. At their last meeting, after reviewing an initial analysis of seven potential sites, the task force narrowed the field down to three locations: the "Rite Aid site" at 30th Street and Lincoln Avenue, the "Drowsy Maggie's site" at 31st Street and University Avenue, and the 2700 block of El Cajon Boulevard (north side).

The task force will meet Wednesday to further review these three locations, and will likely make their final recommendation. If you are interested in attending this meeting, it will begin at 6:00pm in the Santa Fe Room of the Balboa Park Club in Balboa Park. The Balboa Park Club is located in the Palisades area near the Puppet Theater and the Automotive Museum.

The final report to the committee from Jeff Katz can be viewed online through the North Park Community Association website at <http://www.neighborhoodlink.com/sandiego/npark>.
